

PYRAMID

Gun Safes by **MANCINI Safe Company**

For over 50 years, **MANCINI Safe Company** has specialized in the design, manufacturing and distribution of the most formidable High Security Safes sold in the United States.

With the advantage of 50 years in the security business, **MANCINI Safe Company** has also had the opportunity to research gun safe brands first hand. We have gained expertise in reliable gun safe brands by comparison, competition and distribution. We have an unwavering belief in the quality of the products we sell and have flat-out refused affiliation with sub-par brands.

Always evolving, **MANCINI Safe Company** has now embarked on combining the tried and true protection of our jeweler and banker type safes into an attractive gun safe.

Gun safes should not simply be about aesthetics or extravagant bells and whistles. **MANCINI Safe Company** has produced an attractive product with the security of relockers, cross locks, hard plate and glass. Combined with a strong safe body, thick door slab and solid boltwork, the PYRAMID Gun Safe will protect what's really important to you - your **Peace of Mind**.
